

Australian Pome Fruit  
Improvement Program Ltd

# APFIP Field Day

APFIP together with Fruit Growers Victoria are offering the opportunity to view trial plantings of next generation apple rootstocks including JM1, JM7, CG202, Supporter 4 alongside M26 in replant site– Alvina Gala 3rd leaf and recent APFIP Plantings.

Attendees will meet at DEDJTR in Tatura to view APFIP's recent plantings of Prevar Stage 3 variety evaluations along with certified pear planting, and will move onto a 2nd location to view rootstock planting.

A BBQ dinner will follow.

**Time:** 4:00pm (followed by BBQ Dinner at 2nd location)

**Date:** Thursday 6th February 2020

**Location:** DEDJTR Tatura, 255 Ferguson Road, Tatura.
