Mobile: Ken +61 481 720 099  
Email: info@whalesworkforce.com

If you are a Grower or Packing Shed operator who would like to access labour from the Pacific Islands through the Seasonal Worker Program, it is important that you start organising it now. There are paperwork and accommodation considerations that must be dealt with early and FGV can assist you.

The Seasonal Worker Program is a Commonwealth Government program that allows a workforce to be sourced from the Pacific Islands. To access these services for the 2022 season, a grower will need to sign a contract with a Labour Hire company.

**For help in going through the process of contracting with suppliers or you would like to become an Approved Employer for the Seasonal Worker Program please contact**

**Fruit Growers Victoria,**

**Carolyn Pearson- Grower Liaison Officer – Harvest Labour**
