

# APAL's Future Orchards® Orchard Walk Northern Victoria

## Join us at Tatura for the APAL Future Orchards® November Orchard Walk

The Orchard Walk at Tatura SmartFarm will include presentations on the Sundial Orchard, PIPS3 research projects and the Green Atlas cartographer.

### Program outline

Meet at 2.00pm. The field walk will be held outside in the Tatura SmartFarm Sundial Orchard (vehicle access through Gate 2 entrance, parking in orchard and access to toilet facility in the compound area).

### Presentations include:

- Intelligent orchards – data insights to improve productivity
- Introduction to the Sundial Orchard at AgVic Tatura (Ian Goodwin)
- How data can be used for management purposes; demonstration of the Green Atlas Cartographer (Alessio Scalisi)
- Irrigation Technology
- Rootstocks in the Sundial orchard and how they affect vigour (M9, B9 and M26) (Madeleine Peavey)
- Interrow planting in pears to encourage beneficial insects (Greg Lefoe)

### COVIDSafe requirements

All participants must abide by COVIDSafe event requirements. Attendees will be required to check in at the event for contact tracing. This event is only open to fully vaccinated individuals, as per state government guidelines.

Register and read the full COVIDSafe requirements [here](#).
